CAMPBELL MAN ORIGINATED IDEA FOR BRITISH BUSES TOURING U. S.

The British Travel Association double-decker busses that passed through San Jose yesterday on the way to San Francisco, part of a promotional scheme to interest American travelers in Britain, originated from a 1940 graduate of Campbell Union High School, Donald Neil Martin. Martin, son of Mr. and Mrs. T. H. Martin, Page Street, was a former reporter for the Campbell Press, while a student at CUHS, where he was student body president.

He graduated from University of California at Berkeley in 1944, after winning the California University Alumni Scholarship.

During the war he served in the Navy as a Lieutenant(jg) in Japanese waters. On his return to the United States was appointed editor of the "Navy Reservist" in Washington, D.C.

From there, he became public relations officer in New York. At present, Martin is chief public relations officer of the United States for British Travel Association.

Martin flew to London last January to complete arrangements for three double decker buses now touring the United States.

Martin married Miss Betty Sullivan, a fellow graduate of U. C. They have two sons, Neil and Scott.

Leader of the bus caravan is Alistair McLean, manager of the British Travel Association's Tourist Information Center, London, in an Austin of England sedan, which is serving as pilot car.

The buses will be in San Francisco today.

Committee Formed To Pass San Tomas School Bond Issue

Names of a San Tomas committee working for passage of the school bond issue have been announced by area chairman Mrs. Ray Snyder. They are Mrs. Andrew Lassen, Mrs. Edward Litynsky and Mrs. Louis Hanson.

Committee members met this week to make general plans for the campaign.

The $600,000 bond issue comes before Campbell Union School District voters June 10. Money, if voted, will be used to add to the four new schools now on planning boards and under construction, and to build a fifth school on the Hazelwood site, owned by the district.

Superintendent William C. Henley has stated that classrooms available in new schools next fall probably will take the district off double sessions, but a survey of pre-school population in the district shows buildings will be overcrowded in the fall of 1953 unless more classrooms can be built.

Ed Merrill To Be Junior Warden At Masonic Meeting

Master Masons from all sections of Santa Clara County will assemble in San Jose's Scottish Rite Temple, Friday, May 23, at 8 p.m. to greet and hear Judge Louis C. Drapeau, Grand Master of Masons, in California, on the occasion of his official visit.

Edward A. Merrill, as Master of the Campbell Charity Lodge, will act as Junior Warden. Willow Glen Lodge No. 676, F&AM, of which Frank Long is master, will be the host lodge. Masters of 15 other lodges in the county will occupy all the other stations.

Grand Master Drapeau, rated an outstanding speaker, is a native of California, born in Sutter county in 1885. He has been a Mason since 1907. In the intervening years he has served as master of two different lodges, as inspector, Grand Lodge committeeman, and member of its Masonic Homes Endowment Board, 1933-46. He started in the Grand Lodge "chairs" in 1948 as junior grand warden, became the Grand Master in October, 1951.

ROTC PROGRAM OUTLINED FOR ROTARY CLUB

Rotary members at their regular Monday meeting had, as guest speaker, Col. Joseph E. Terry, USAF, of the ROTC training program at San Jose State College.

Col. Terry outlined for the local civic organization the plans and training afforded American college youth in the ROTC training program and mentioned in particular the increasing political implication of Americans in foreign lands.

Terry mentioned that 187 colleges throughout the country are now participating in the training program.

The Air Force program, Terry said, includes two year's active duty after the four-year training in the colleges.

Textbooks and uniforms are furnished the lower division, while upper classmen receive uniforms, textbooks and 90 cents a day.

The final phase of the training, Terry pointed out, is two years of active service in the Air Force following graduation.

Next week, the local Rotarians will host the Burbank group with a program to be held at the IOOF Hall.

Campbell Merchant Patrol Concerned Over Merchants Failing To Contribute

At a meeting Tuesday night, the police commission of the local Chamber of Commerce, the governing body of the Campbell Merchant Patrol, met to discuss the status of the Patrol.

Homer Hyde, chairman of the police commission, said that due to newspaper releases that Mayor Richard W. Morton has contacted the Sheriff's office to continue to supply police protection, some local merchants had withdrawn their support of the Campbell patrol.

What these merchants do not realize," Hyde said, "is that this action by the mayor furnishes not one whit more protection than the city had before incorporation."

"In the interest of clarification," Hyde said, "the city council did enter into an agreement with the Sheriff's office, but it was only to continue to furnish the protection that had existed before the city became incorporated."

Committee members pointed out that inasmuch as there are now a minimum number of merchants supporting the patrol, patrol revenue has fallen off to such an extent that it is becoming increasingly difficult financially to continue to furnish protection.

Hyde also pointed out that merchants who do not contribute to the patrol still receive the benefits of the patrol in checking doors and patroling the city after dark that is being paid for by merchants contributing to the support of the patrol.

Mayor Morton, a member of the patrol committee, is resigning his position due to conflicting duties as mayor of the city, Hyde said.

The police commission, the meeting revealed, is considering asking the city for a subsidy for the merchant patrol, because, in the absence of city police, the patrol is performing some of the duties of city police.

Grammar School Business Manager Is CUHS Graduate

C. E. "Brad" Bradley returns to Campbell schools after 25 years to be the first business manager of the Campbell Union Elementary School District. He graduated from Campbell Union High school in 1927.

After majoring in chemistry at San Jose State college, he was employed by the Standard Oil Company until 1942 as station manager salesman.

C .E. "Brad" BRADLEY
. . . Elementary School Business Manager

He was a department head and assistant purchasing agent for the Food Machinery Corporation A-B division until the spring of 1946, when he became co-owner and operator of Santa Clara Manufacturing Corporation until March, 1949.

He was then assistant purchasing agent for Owens-Corning Fiberglas Corporation from 1949 until coming to Campbell Union School district as business manager.

Fraternally, Bradley is associated with Golden Rule Lodge 479, San Jose, in which he is master. He is a member of Grand Lodge charters committee, a member of San Jose Presbyterian Church and a member of Calvary Methodist Church, San Jose. He is also a member of the Moorpark Parent-Teacher Association.

Mr. Bradley is married to Ruth M. Payne, daughter of County Recorder C. A. Payne. The Bradleys live in Bradley Manor, San Jose. Bonnie attends Moorpark school.

Lions Club Group Hears Morton Attack Editorial

At the last meeting of the Campbell Lion's Club, Mayor Richard W. Morton, as guest speaker, attacked an editorial in the Campbell Press relating to consolidating county operations into one central office by a proposed dismissal of the consulting engineer.

Morton said the heading of the editorial was misleading in that it led the public to believe that by hiring a full-time engineer, sanitation District No. 4 would fall apart.

"There has been no joint meeting with Districe No. 2 since the board re-organized April 16, so there is no indication that the proposed action would be an opening wedge for consolidating the sanition districts," Morton said.

There was, however, a meeting of Sanitation Boards 2 and 4 prior to the time Morton and Charles K. Gamble, mayor of Los Gatos, were appointed to the board.

Morton mentioned that billing procedure had been inefficiently handled—that of an estimated potential of 30,000 connections, 3,000 had been serviced.

The mayor also said the formation of assessment areas in the district would more equally distribute the costs and result in a saving to the taxpayers.

Morton said the purpose of the meeting of Sanitation District No. 4 was to establish an efficiently operated office so that a more equitable billing method could be set up and to set up a central office where the public could ask and receive information.

Lions Club members were entertained by the Downing brothers, Art and Davy, who provided the musical portion of the evening.

Moreland School District Plans New Public Street

The Board of Trustees of Moreland School District plans to turn over property at Bucknell Road and Paseo Oramas (Cox Ave.) to Santa Clara County on which to build a public street.

The date of hearing has been set for May 23 at 8:15 p.m., at which time the proposed grant and dedication of the property shall be determined.

Legislation Authorizing Annexation Without School Districts Is Planned

San Jose City Attorney Robert E. Cassin has suggested new legislation to enable the city to annex territory without affecting school districts.

According to the proposal, an area bordering a city could join both the city and its school district, just the city, or just the school district

The atcion to be taken up by the League of California Cities for presentation to the next legislature, follows controversy among residents, educators and governmental officials of current plans to annex acreage adjacent to Cambrian Gardens.

Delos M. Bagby, superintendent of Cambrian School District, pointed out his district has bought an 11-acre site which would be directly across from city limits should Cambrian annexation take place.

"While it is true our plans for a new school have been approved in Sacramento, we will not spend one cent until this situation is settled," he said.

It was also pointed out that if San Jose annexes land after favorable vote of property owners involved, Campbell will have no voice in the matter. If annexations are attempted on the basis of the State Uninhabited Territory Act (less than 12 registered voters per square mile) Campbell can prevent the move if the area is within three miles of Campbell city limits.

Local Carpenter Hurt In Auto Crash

Daniel H. Pruitt, 55, Campbell carpenter and two passengers suffered concussion and cuts when the car which he was driving collided with one driven by Maria H. Hernandez, 19, of Watsonville, according to California Highway Patrol.

Pruitt's passengers were Sgt. James Risner, 22, and Cpl. Edward Wilson, 28, both of Fort Ord.

The trio were hurt when the cars collided on the three lane highway one mile south of Ford Road on the Monterey Highway.

Another crash occurred at Budd and Virginia Avenues in Campbell, in which two San Jose couples were hurt. The crash occurred when the driver lost control of the car while trying to close a door.

Hurt were Ernie Dallas, 39, his wife, Irene, 36; Jim C. Dallas, 43 and his wife, Carrie, 48, all of 30 S. 10th street, San Jose.

COUNCIL TO DECIDE FIRE PROTECTION; DISCUSSES SANITATION DISTRICT NO. 4 PROPOSED SUBDIVISION ANNEXATION

After July 1, Campbell's Fire District, operated on a volunteer basis, will no longer exist, and it will be up to the city to provide its own fire service or contract for service with the County Central Fire District. This was the main subject of discussion by the City Council Monday night. It was referred to a two-member committee for further study, but the consensus of Council opinion indicated it would be better to set up a city system rather than to enter into a contract with the County district.

"About 40 additional fire hydrants would have to be supplied for areas outside the fire district, but within the city limits, volunteer Fire Chief Jack Scott esttimated.

"On the other hand," Scott said, "The extra hydrants may not be needed, because we have large volume tank trucks to service these areas."

If the County Central Fire District were to provide protection, it would probably man the present equipment with an attempt to enroll the volunteers as a unit under Central administration.

"The volunteers would not want to work for Central," Scott said.

City Treasurer E. C. Merrill, also a fire commissioner, submitted an estimate of expenses required to operate the fire district through this year amounting to approximately $2,022. An additional $2100 would be required to the end of the fiscal year, June, 1953.

A settlement will have to be made to the Rosemary Lane area, it was pointed out, from the $2586 June 30 net balance when the district no longer exists. Rosemary Lane is outside the city limits.

There was no indication as to how much a County contract would cost, nor have figures been released as to fire rates.

Councilmen J. B. Arends and J. M. Dahl were appointed to study the matter further.

Mayor Richard W. Morton asked council members their opinion on the proposed annexation by Sanitation District number four of a 1200 home subdivision off Stevens Creek Road.

Councilmen agreed that unless the district's trunk line can take the combined load of the subdivision and the already built up area plus future expansion in the district, the council should oppose the annexation move.

Local Grange Hears Talk On Water Situation

Harry G. Mitchell, member of the board of directors of the Water Conservation district, talked to Orchard City Grange members Tuesday at IOOF on the water situation especially pertaining to the Page Dam near Campbell.

The dam was built for percolation purposes accomplished as the water goes over the spillway which separates it from the silt. It then percolates through the gravel, Mitchell said.

"In recent years, however, the Western Gravel company, with its operation, has been taking too much gravel out at the dam, and unless operations are changed, both the dam and the bridge above it will be seriously undermined."

Mitchell said any such big ideas as bringing water from American River or from any distant place cannot be realized without putting up the whole purchase price. There is no credit system operating in water purchase, he said.

"We must first make full use of our own facilities, such as Page Dam and Vasona Dam," Mitchell said.

Herbert Shadle, secretary of California Physician's Service, read a communication to the effect that surgical benefits and post-operative care had been added to the service.

North American Airlines has donated a round trip ticket to New York for the winner of the Garnge booster barrel contest.

In various committee reports, Mrs. Margaret Parr talked about schools for the mentally handicapped in Spokane, Washington.

Mrs. Nellie Rutherford gave a report on the accomplishments of the Kellogg Foundation. Mrs. Rutherford told of her personal acquaintance with Mr. Kellogg in Battle Creek, Michigan, and told of the school for the handicapped he founded and supported with his wealth.

Emil Biller of the County Fair committee, said that the group will meet at his house Tuesday, May 20. The Grange will have the booth in the same place as last year.

Songs were sung by Miss Glenelle Walton, accompanied by Miss Joyce Klassen. Performers from Rebekah Lodge of Campbell entertained with a "kitchen band". Mrs. Margaret Parr accompanied.

Albert B. Smith States Platform For Supervisor

Stressing "Honesty, Efficiency, and Economy in the county government, Albert B. Smith, candidate for Supervisor in the Fifth District, announced his platform this week.

If elected, Smith promised to uphold these three important points. "While every candidate says this, I sincerely mean it," Smith said. He added, "If every person elected to public office followed these three points, we would not have the problems facing us today that are receiving so much publicity."

In addition to honesty, efficiency and economy, Smith stressed "equal representation for all areas of the Fifth District." He pointed out that it is the supervisor's responsibility to fairly represent each and every resident and community of his district.

Citing the increasing growth of Santa Clara County, Smith pointed out the need for a well-planned program of road improvement, flood control, and development of county recreational facilities. "With careful planning, thorough investigation, and prompt action, these problems can be cared for before they grow worse, thereby costing the taxpayer additional millions of dollars," Smith said.

He stressed the fact that if elected, he would devote full time to the supervisorial position, so that his services would be available to every resident of the Fifth district with a county problem and that he would be informed on all phases of the county government.

A high school teacher and orchardist, Smith seeks the post being vacated by Dr. Earl C. Campbell.

EPPERSON-COOPER NUPTIAL VOWS EXCHANGED IN SAN TOMAS

Calla lilies and a lattice-work arrangement of Cecil Breuner roses decorated the First Baptist Church of San Tomas last Friday evening, when Barbara Epperson and Philip A. Cooper exchanged nuptial vows. The Reverend James R. Warren performed the double ring ceremony.

Barbara was given away by her father, Homer Epperson. She wore a ballerina length gown of traditional white satin, with a short veil held by a halo of orange blossoms, and she carried a white Bible with a white orchid.

Maid of honor was Barbara's sister, Louyetta, whose ballerina gown was of ice blue taffeta. She carried a bouquet of blue and white iris. The bridesmaids were June Epperson, attired in pink organdy, carrying pink roses, and Charlene Lisenby in pale green organdy, with yellow roses.

The benedict's best man was Donald E. Dooley of Moffett Field. Floyd Epperson and Robert Whitaker performed the duties of ushers.

Mrs. Homer Epperson, mother of the bride, chose a beige gown accented with black accessories for the event, and pinned on a corsage of pink roses. Barbara's grandmother, Mrs. Ella Songer, wore a black and white checked suit with a corsage of yellow and pink roses.

The ceremony was followed by a reception at the Homer Epperson residence on Smith Avenue, attended by approximately 100 guests. A three-tiered cake was cut by the bride.

The young couple left for a weekend honeymoon, destination undisclosed.

The bride attended Moreland school and is a senior at Campbell Union high school. She will continue her studies and will be graduated in June. Her husband is the son of Mr. and Mrs. H. D. Cooper of Washington, Pennsylvania. He is a Navy AD-3, now stationed at Moffett Field, and expects to embark for overseas duty this week.

Mother's Day Tea At Marilyn Toy's

The Mother's Day Tea of the Campbell Community Club, held May 10 at the Williams Road home of Miss Marilyn Toy, was attended by forty members and guests, who enjoyed the colorful commemorative event. The occasion was the second for the club, the tradition having been begun last year.

Mrs. Paul Green, guest of honor, entertained with a review of the new novel, "I'm a Lucky Guy," by Frank Gilbraith, of "Cheaper By The Dozen" fame.

Lemon and boysenberry tarts with whipped cream accompanied by tea and coffee, were served at a table daintily decorated. A white cloth was surmounted by pink candles, white gladioli, pink carnations and greenery; the buffet was adorned with pink and white carnations and white candles. Corsages, each different from the rest, were presented to all members and guests.

Mrs. Donald Lantz was chairman of preparations; Mrs. George Egling was in charge of refreshments, and Mrs. Arthur Cowdery received.

Surprise Party For C. M. Clevers

A score and more of friends surprised Mrs. C. M. Clever at her home last Saturday evening, in celebration of Mr. and Mrs. Clever's eleventh wedding anniversary. Mr. Clever was a party to the party plan, which was cleverly carried out. Mrs. Clever pinned on a lovely orchid corsage, the gift of her husband.

The couple were presented with a Fryrite, automatic deep fryer, by their friends.

A bountiful supper of fried chicken, salads and relishes was served buffet style, completed by ice cream and twin cakes inscribed in icing, "Fran and Chet, May 10, 1941, to May 10, 1952." Mrs. John Hummel, creator of the cakes, was hostess, assisted by her mother, Mrs. Helen E. Swaney, and Mrs. Darrel Kinzie, who prepared the chicken.

Pictures were taken after the repast, and the remainder of the evening was spent in group singing of popular old songs. Accompanying the singing were Mrs. H. A. Olson and Mrs. Clyde Janic, both very versatile pianists.

Congratulating Mr. and Mrs. Clever were Barbara, Judy and Willie Clever, their children; Mr. J. L. Ruhlen, Mrs. Clever's father; Mrs. John Hummel, Mrs. Helen E. Swasey, Mr. Art Hannibal, Mr. and Mrs. Dan Barber, Mr. and Mrs. Clyde Janic, Mr. and Mrs. John Burda, Mr. and Mrs. Ken Moore, Mr. and Mrs. Rex Kaber, Mr. and Mrs. Miles Standish, Mr. and Mrs. William Burch, Mr. and Mrs. Wayne Lantz, Mr. and Mrs. H. Henley Outlines Need For Schools At Grammar PTA

Mrs. Richard O'Flyng presided at the last meeting of the Campbell Grammar School Parent-Teachers Association for this year on May 6.

The meeting was opened with the pledge of allegiance led by Cub Scouts Tommy Voytek and Charles Dyier. Mrs. Cecil Call read the inspirational.

A two-act skit, enacted by the students from Mrs. Salmi's second grade, demonstrated "Safety on the Bus." The beginning orchestral students, under the direction of Mr. Goudon and the beginning band students under Mr. Barrett played several short selections. This was followed by the Girls' and Boys' Glee Clubs, under the guidance of Miss Eason and Mr. Ziegler respectively.

Mr. William C. Henley was next introduced by Mrs. Richard Morton and spoke of the great need for additional schools, using charts and posters for illustration. These were based on a recent survey of preschool children. He urged all to vote for the $600,000 bond issue, which will be up for vote at the June 10th election. If double sessions are to be eliminated, and in order to be eligible for State funds in the future, the passing of this bond is vital to all in this community.

Ever hear of this American Revolution?
This American Revolution took place without muskets, without riot, without bloodshed. But it was one of the most important in history... a "revolution" stemming from the development of the container known as the tin can. Consider how the can-making and canning industries have bettered our economy through mass-production and utilization of modern containers for more than 1500 products:

1. These modern containers have improved public health by making available a varied and nutritious diet.

2. They have provided more and better jobs in manufacturing, processing and distribution.

Begonia Culture Is Presented

By LUCILLE BARNES

Today we shall look into the mysteries of raising tuberous rooted begonias.

In December the bulbs were stored for the winter. In February, about the third week of the month, your bulbs were removed from storage and started on their way to begin again a successful season of bloom.

We speak of Begonias today, for this is the time to put these bulbs out into the garden; and now also is the time for seedlings to go out into the garden if you grew them yourself.

If you have never grown begonias before—first study your soil. If your soil is clay or adobe, remove from six to twelve inches, replacing this with two parts leaf mold, one part well-rotted cow manure and one part leaf mold. One part propagating sand is also recommended for the mixture.

Drainage must be excellent. If water stands on your soil for a great length of time, much care must be taken to overcome this condition. By reconditioning the soil, the greatest amount of this trouble will be taken care of, but for extra precaution, two or three inches of broken crockery or coarse gravel may be placed in the bottom of the plot before placing of the soil.

Packing of the soil is a big bugaboo for the more experienced begonia raiser. Recondition the soil every year by spading the ground to be planted, and mixing in well-rotted manure and a generous helping of leaf mold.

Peat moss is recommended only for holding moisture. As we know, peat does not have any food value whatsoever for the plant. If peat was added last year to the soil itself, this year a light sprinkling on the top of the soil is all that is necessary. Don't forget to rake this into the top inch of soil. Too much peat rots the roots of the plant and sours the soil.

The bulb you are about to plant should have sprouts at least two inches high before they are taken out of the starting beds and taken into the open garden. Begonias like the warmth of their home in the flats and will resent the sudden exposure to cold weather. So be sure that the chill of spring is gone before you disturb these sleeping beauties.

Lift the bulb from the flat, keeping as much soil around the bulb and roots as possible. The long, delicate, thready white roots clinging to the bulb are its means of livelihood, so be careful and not rub these roots off the bulb in transplanting.

Plant your bulbs no deeper in the garden than they were in the flat. Make a hole large enough to receive the bulb; just place the bulb on the earth and firm the soil around it, this will result in your bulb showing a trifle above the soil and that is where it belongs.

Bulbs will rot in the summer because of water lying in the cavity of the bulb. Someone became too anxious and planted their bulbs too deep.

Begonias have a peculiar habit of facing exactly the opposite way we would like them to face. The secret of having you see the flower instead of the wall, be sure to look closely at the leaves atop the two-inch growth; one end you will find pointed—the other is rounded. Be suer the points face you, and you will be sure to have flowers that face you also. The flowers always face the points of the leaves.

We have dealt only with the bulbs and will now take up the planting of seedlings.

Again, if your plants are two inches high, they are ready for the garden. Utmost care must be given in the transplanting of the seedling begonia. More care than the bulbs. Most seedlings are lost because of improper handling from the seed bed to the garden. Let every fiber of the roots hang onto every bit of soil and leaf mold possible. The procedure of the seedling planting is the same as the bulb from this point on.

Tuberous begonias cannot stand the direct midday sun. They grow best under oak trees, lath house, or sun until about eleven and shade the rest of the day, or shade all day until about four o'clock when they can stand the direct rays of old sol.

Davis Study Tells How To Protect Grafts

Walnut growers will be interested in some recent investigations conducted by the University of California at Davis. The study concerned the problem of survival of young walnut scions.

To protect the scions from water loss until the union between stock and scions was established, scions were covered with moist peat moss after grafting. Others were covered with brown paper bags — with holes and without holes in the bags.

Paraffin and "Dowax" was used on some scions to prevent moisture loss and on still other, whitewash was applied to the scions and the trunk.

Of the seven methods used, the whitewash was most effective, a "take of 95 percent as contrasted to 77 percent where no special treatment was used. Paper bag coverings showed no beneficial results while the paraffin covering seemed to be injurious.

Peat moss covering was almost as effective as the whitewash, but was more difficult to apply.

The whitewash used was made from five pounds of quickline, ½ pound of salt, and 1/4 pound of sulfur. The sulfur and salt were added while the lime was slaking.

Gardeners' Tasks For This Week

Wonderful weather, lazy afternoons under the new leaves just sprouted on the walnut, prune and apricot, will result in a lot of extra work this summer if we let our gardening go to enjoy old Mother Nature's finery this spring. Have you:

1. Checked your lawn for dry brown spots, resulting from the crown roots being burned by the hot rays of the sun. A mulch of manure and peat will help if not already taken care of. Water, water, is the must for the next four months.

2. Get after the slugs and snails, earwigs, and aphis now so numerous in gardens everywhere. Bait and pellets and spray in an orderly regulated manner every ten days should do the trick. Started in the beginning of the season, spraying will discourage the pests from your garden and a continued application at regular intervals all summer long well into the fall will result in a healthy garden and lovely blooms. A multi-purpose spray used early enough will be all that is necessary to spray most of the common insects in the garden.

3. Sprinkle your ferns and begonias, and your large-leaved bushes. They enjoy a springling off in the late afternoon. Sprinkle while there there is still time for the leaves to dry off before the cool of evening sets in. Your citrus does enjoy a bath of fine spray in the early avening after the hot day is done.

4. Prune and shape your evergreen shrubs.

5. Spring flowering vines need thinning pruning NOW.

CAMPBELL UNION HIGH SCHOOL TO PRESENT LAST PLAY OF YEAR

Campbell Union High school will present its last show of the year "Anything Can Happen," Friday, May 23, at 8:30 in the high school auditorium. The show consists solely of high school talent with the high school orchestra participating. Admission price of fifty cents will be donated towards the construction fund of the Cambrian Youth Center.

The show has a number of innovations, according to producer-director Ken Wallace, and will follow the popular trend of bringing out the most in song by all singers having an orchestral accompaniment, mood background, lighting and interpretive dancers telling the story by dance as it is sung.

Modern interpretive dancing will be done on two levels instead of just at the stage level, Wallace said. Colorful costumes and background lighting will attempt to bring out the mood effect with orchestral accompaniment.

There will be original comedy skits satirizing radio, television, movies, and other aspects of present-day living. All skits have been tried and improved before previous audiences, Wallace said.

There will be new methods of presenting pantomimes to bring out full realistic effect, and simple suggestive scenery to bring out the best effect in each act. Wallace plans the show to be realistic, yet simple enough to be moved on and off in less than thirty seconds.

Singers with orchestra and dancing background:

Ruth Courtney with Laura Peterson, Dave Emery, Pat Walton and Hal Walton, Bob Adolfo with Linda Gomes, Bob Cook with Anne Chambers, and Jimmy Scitter with Diane Mayo.

Singers with orchestral background will be Laura Peterson and Leseth Hinze. Dancers with orchestral background are Carol Knutsen, Mary Lou Fairbanks, Charlotte Huber, Maude Crain, Arline Kline, Marlene Moore, Gwen Keller, Mary Anne Denning, Pat Taylor, Sandra Koch, Nancy Daniel, Darlene Bohn, Virginia Rhodes, Jaimie Strickland and Lois Swanson.

Pat Taylor, Nancy Daniel, Anne Gullison and a company of ten, Lois Swanson, Jaimie Strickland, Shirley Trejo, Bea Bills, Anne Chambers and Lorraine Babcock, will present pantomime acts.

SCVAL TITLE GOES TO JAMES LICK WITH 3-0 VICTORY OVER CAMPBELL

Campbell High's hopes for a SCVAL championship hit the skids last Thursday with a 3-0 drubbing by title winners, James Lick High school in the payoff tilt Thursday at James Lick field.

It was the sixth straight victory in SCVAL play and its twelfth against three losses for the season for the winning club.

A Buc rally was choked on a brilliant diving stop of a hot grounder by Bryce Jessup, Lick first baseman, who threw the runner out at first.

The Bucs managed to rap five hits off Louie Aldama, which failed to materialize into scores. Aldama struck out nine and walked three in his fifth loop triumph.

First Lick run was scored in the second when Aldama singled, moved to second on a sacrifice and to third on an infield grounder. Ron Bacon, Buc pitcher, walked his next man, Jim Dimas, who quickly broke for second. Startled, Bacon balked and Aldama strolled home.

Stan Souza poled a single with Dan Chiolis and Del Helmhout in scoring position, which netted the Comets their last two markers.

Line score:

Campbell	000 000 0—0	5	2
Lick	010 002 x—3	8	0

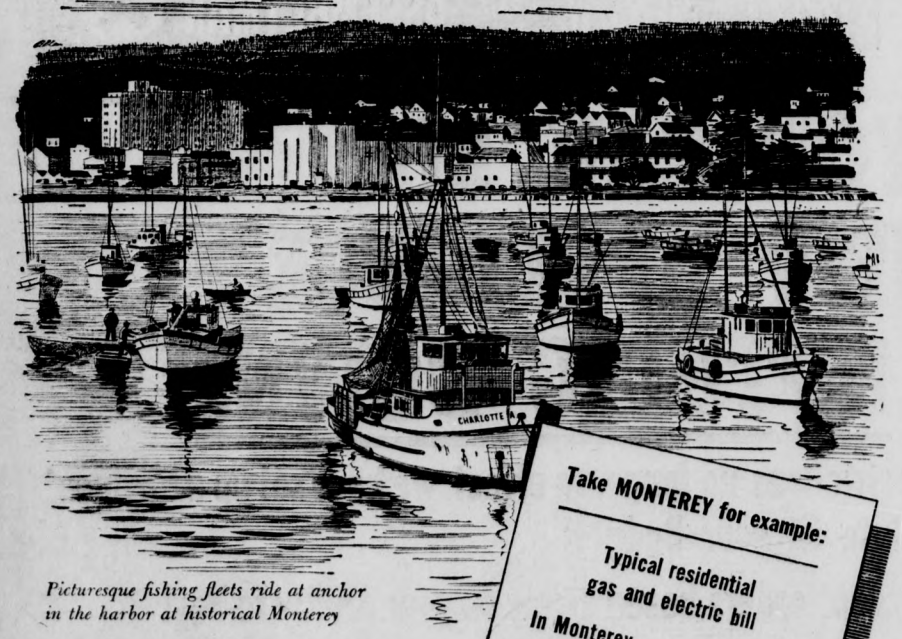
Gas and electricity are cheap in California!



Picturesque fishing fleets ride at anchor in the harbor at historical Monterey

P. G. and E. home rates are far below U. S. average!

The cost of living has nearly doubled since 1940, but P. G. and E. domestic rates are actually lower than they were then! Nothing else you buy costs so little—does so much. Let P. G. and E.'s bargain gas and electricity do more of your work, bring you more of life's comforts.

Take MONTEREY for example:

Typical residential gas and electric bill

In Monterey $9.19

In all U.S. cities of similar size* . . $14.15

*Average for the 24 U. S. cities outside California between 16,000 and 16,500 population. Based on a typical use of 100 kilowatt hours and 100 therms of gas per month.

Doerr Gives Program For 29th Assembly Dist.

ROBERT C. DOERR
. . . Candidate for Assembly

Campbell, May 15—At the insistence of a cross section of the public in the 29th Assembly District, I am announcing my candidacy for Assemblyman. I am entering the campaign because of my belief that our District needs strong representation in Sacramento:

The highway system in California must be greatly improved and expanded to meet the increased transportation demands of a growing state. In our own county, the Monterey Highway should be widened and divided to a four-lane thoroughfare throughout its length and the Route 5 Freeway from Los Gatos through San Jose to Oakland should be rapidly completed. Every possible safety precaution should be installed on highways and at railroad crossings. I therefore favor enactment of legislation which will provide financial assistance to counties and cities so they may install safety devices and construct essential under-or overpasses in cooperation with the railroads in question.

The water needs of Santa Clara Valley must be continuously and intensively studied and met. Since 1946, I have taken an active part in working with the Santa Clara Valley Water Conservation District to build Anderson and Lexington Dams, and I have supported the surveys by State and Federal Governments to bring in outside water. I shall actively continue the fight to develop all local sources of water, and will give all possible assistance to the southern part of Santa Clara County for speedy construction of such projects as the Uvas and Llagas dams.

Our public schools must be immediately improved and enlarged to meet the present extreme shortage of both classrooms and teachers. The public school system is the very heart and core of our American democracy. The value of public schools in extending and perpetuating the American way of life will be seriously impaired unless we all work incessantly for its continued expansion and growth.

My personal history is briefly this: I am a native San Josean and attended San Jose State College and Stanford University; my father is Fred Doerr, now a retired businessman who served 18 years as a Councilman of the City of San Jose. My teaching career began in 1937 and has been interrupted only once, by serving three years in the United States Army in the Counter Intelligence Corps in Germany; I am married and my family consists of my wife, Jane, my daughter, Susan, and my son, Bobby. Fraternally I am affiliated with the Masonic Lodge, Royal Arch Masons, and Knights Templar.

As a member of the City Council of San Jose, I have attempted to put into effect my basic political beliefs—that honesty and independence are possible in politics, that problems should be approached with an open mind and an attempt made to reach conclusions most favorable to the public interest. It is my firm conviction that progress must be constantly pursued, not timidly avoided.

I also believe that good government is the direct result of a common interest and responsibility of the voting citizen and the public office holder. As your assemblyman from the 29th Assembly District, my office will be open to anyone who will share with me the task of building a better California for all to enjoy.

On these issues, I ask you to support and vote for me as your Assemblyman, 29th District, in the Primary Election, June 3rd, 1952.

Sincerely,
ROBERT C. DOERR

When you pay your telephone bill, about 28 cents of each dollar goes for taxes.

How much tax in your telephone bill?

When you pay your telephone bill each month, an important part of your money is passed on in taxes to the Federal Government and to state, county and city governments. Naturally, we expect to contribute our fair share of the cost of government . . . but because taxes now account for such a large portion of the cost of service, we feel we should report about them to you who, as telephone customers, have to pay them.

Your telephone is taxed in two ways: One, through the operating taxes we pay to run the business—income taxes, property taxes and the like. In 1951 these came to $81 million for Pacific Telephone, an all-time high. Two, by Federal excise levies you pay on local and long distance service. Last year we collected more than $70 million in excise taxes from our customers and turned it over to the Bureau of Internal Revenue.

To give you some idea of the size of our tax bill, it is estimated that the total excise and operating taxes we paid in 1951 . . . $152 million . . . could have supported all the 131 schools of higher education in California. In terms of the average telephone, this is $35 per telephone per year . . . $2.92 per month. Twenty years ago the average was 53 cents a month.

Your telephone is one of today's best bargains

In spite of sharp increases in taxes, wages, materials and other costs of providing service, we've been able to hold down the prices you pay for service . . . hold them so low, in fact, that the telephone today is one of the best buys in any budget.

CAMPBELL REGISTER

Mr. and Mrs. CHARLES KELSO of Hacienda Avenue returned last Thursday from a fortnight's holiday in Southern California. They attended the beautiful Ramona pageant in Hemet, which was all the more interesting to them in that Mrs. Kelso's family have been well acquainted with people and circumstances concerned in the background of Helen Hunt Jackson's great novel, and Mrs. Kelso knows some of the performers in the pageant.

The Kelsos met many old friends in Hemet, where Mrs. Kelso used to go to high school. They attended two dances, one at Lake Elsinore, and drove into the Idylwild Mountains, which form part of the scenery of the outdoor pagenat.

In Los Angeles, the Kelsos visited with their three sons, Donald, (former cubmaster of San Tomas cub scouts, Pack 30), Chad and Franklin.

The American Legion Auxiliary, No. 596, met May 7 at the Hawthorne Avenue home of Mrs. WILLIAM BURCH, for the special purpose of selecting a nominating committee. The committee named, Mesdames H. A. OLSON, REX KABER, JOHNNIE McFALL, REX FULLER and C. M. CLEVER, will meet today at Mrs. Olson's home on Winchester Road.

Mrs. DANFORD PERUSINA returned from Hawaii last week to the home of her parents, Mr. and Mrs. FRED FELLMAN, on North Second Street. Mrs. Perusina has been in the Islands, since November. Her husband is in the Navy, stationed in Japan; he expects to be in Campbell on leave in August, and Mrs. Perusina will go back with him to his station.

Guests at the home of Mr. and Mrs. HERMAN BUSACK on Burrows Road last Friday were Mr. and Mrs. GEORGE WITHERILL of Silverton, Oregon.

CRAWFORD HERRELL and son, THURMAN, left Friday afternoon for a visit in Texas with relatives; they will be gone about two weeks.

Friends of Mr. and Mrs. NELSON GRAVES of Kenneth Avenue participated in a "patio party" last weekend at the Graves' home. Recreation was provided in the pouring of the patio cement. Lemonade was served during the activity, and dinner was enjoyed afterward. The very helpful guests were S. C. MYERS, DON SPENCER, ELMER GRAVES and DICK HAILEY.

Mr. and Mrs. DAVID PENDER and daughter MERNON of Robin Lane attended the junior horse show in Los Gatos last Sunday. Mernon is enrolled at the Los Gato Country Day School for riding instruction and aspires to be an accomplished equestrienne.

Termites and decay-producing fungi cause $300,000,000 loss yearly. Trouble usually starts under the house in the foundation area. Pressure-treated foundation lumber gives full protection, yet adds but one percent to the total building cost.

Mrs. D. Winston Bound For Japan

Mrs. Donald K. Winston will embark on the Scandinavian ship "Fernland," sailing from San Pedro June 1, to join her husband in Tachikawa, a major air base 25 miles southwest of Tokyo. Sgt. Winston has been stationed at the base for almost six months in a statistical administrative post. Tachikawa is an important receiving port for our fighting men from Korea.

Mrs. Winston will go by streamliner to Glendale, May 29th accompanied by her mother, Mrs. George Smith Jr., of Sunn Oaks Avenue. They will visit relatives until her sailing date.

To wish the popular young matron bon voyage, friends gathered last Thursday night at a party hostessed by Miss Beverly Niell at the San Jose home of Miss Neill's parents, Mr. and Mrs. Arthur L. Pettit. An outdoor barbecue was followed by dessert indoors at a table decked with boat favors with the guest's names on the topgallants, and a cake ornamented with a boat bearing the wish, "Good-Luck, Jean."

Hostess and guests, all of the Twins' Yardage Shop in San Jose, were Miss Neill, Mrs. Winston, the Misses Frances and Theresa McNamara, Mrs. Paul Raimondi, Mrs. Glenda Goodrich, Mrs. Lorraine Tresler, Mrs. Ruth Larson, Mrs. Martha Barlow, Mrs. Nan Faleschini and Miss La Vila Risty.
